Sir:

Pursuant to 37 C.F.R. § 1.221(a), republication of this application is hereby respectfully requested. The date of publication was May 18, 2006. The patent application publication contains material errors. The material errors which are apparent from the Office records are as follows:

STATEMENT OF FACTS

Publication No.: US-2006-0102775-A1 currently corresponds to the PCT specification and claims that were filed with this application. The incorrectly published PCT application includes 23 claims and lacks the distinct specification elements that were included in the correct application.

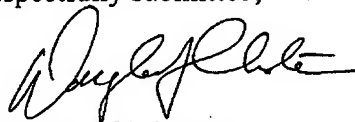

The publication should reflect the specification and claims that were filed with the United States Patent and Trademark Office on April 29, 2005. The correct application contains distinct specification elements including a "Background of the Invention" and "Summary of the

Invention." The correct application also contains only 20 claims. A copy of the correct application is enclosed with this petition.

This petition is being filed more than two months after the date of the patent application publication. Therefore, authorization is given to debit Deposit Account No. 16-0631 in the amount of \$430.00 to cover the Publication Fee required under 37 CFR §1.18(d) and the Petition Fee required under 37 CFR §1.17(i).

Please credit or debit Deposit Account No. 16-0631 as needed to ensure consideration of the disclosed information.

Respectfully submitted,
